CURRENT RESIDENT

Although our fiber service usually means 100% fiber-optic network to your location, in limited circumstances Quantum Fiber may need to deploy alternative technologies coupled with a non-fiber connection from a certain point (usually the curb) to your location in order to provide the advertised download speeds.

Customer speed experiences will vary, particularly when accessing the Internet wirelessly from various devices. Download/upload speed via a wired connection. Internet speeds are not guaranteed due to conditions outside of network control, including customer location, devices, equipment, and access through a wired or wireless connection; see QuantumFiber.com/legal for more information.

Limited availability. Service and speed in select locations only. **Price for Life:** Offer available to new and existing customers located in qualifying markets and cannot be combined with other promotions or offers. Offer not available with Instant Internet service, Instant 360 WiFi service, or at bulk service properties. Limited time offer. Customer must remain in good standing and Price for Life offer terminates if customer cancels or changes their internet plan or account in any manner, including change of address (even if plan is available), change to internet service or speed, and service suspension (including Pause Service or non-payment) or disconnection. Price for Life offer also may terminate if Quantum Fiber discontinues your selected internet plan at your service address due to network, equipment, or technology changes or upgrades. Other than internet services covered by Price for Life offer, your monthly rates for any other services, leased equipment, taxes, or fees are not guaranteed and may increase during the time of your service.
